

## McGraw-Hill Campus – Faculty Setup (template)

In order to setup McGraw-Hill Campus for your course, please follow the steps below.

1. After logging into your Los Rios D2L course you will need to add the McGraw-Hill widget (or External Learning Tool link somewhere else in the course). Once that is done, click on the link as pictured below:

2. Your account should then be recognized as an instructor, which grants access to all the McGraw-Hill products. If this is not the case then you will need to contact your McGraw-Hill representative. You then need to accept the terms of use.

3. You will then need to select the textbook for the course you are going to offer, if it has not already been selected and linked to the course.

The screenshot shows the McGraw-Hill Campus interface. At the top left, there are logos for McGraw-Hill and LOS RIOS. Below the logos, the word "Campus" is displayed. A search bar at the top right contains the text "Find Educational Materials". The main content area is titled "My Courses" and features a dropdown menu for "COOP TEST COURSE". Below this, a message reads: "Tell us what book you are using and we will give you instant access to relevant educational materials." A search box is labeled "FIND YOUR TEXTBOOK:" and contains a red arrow pointing to it. Below the search box, the text "By Title, Author, or ISBN" and "What's an ISBN?" are visible. A blue button labeled "FIND NOW" with a checkmark icon is positioned to the right of the search box. A red-bordered box with a red arrow points to the search box, containing the text: "You will need to search for your textbook if it is not already linked to your course, and then select that textbook".

4. You will lastly click on the Connect button to access your McGraw-Hill course.
