The overall look and feel of eServices is being updated. Below are some of the exciting upcoming changes you will see.

New Student Homepage Tiles

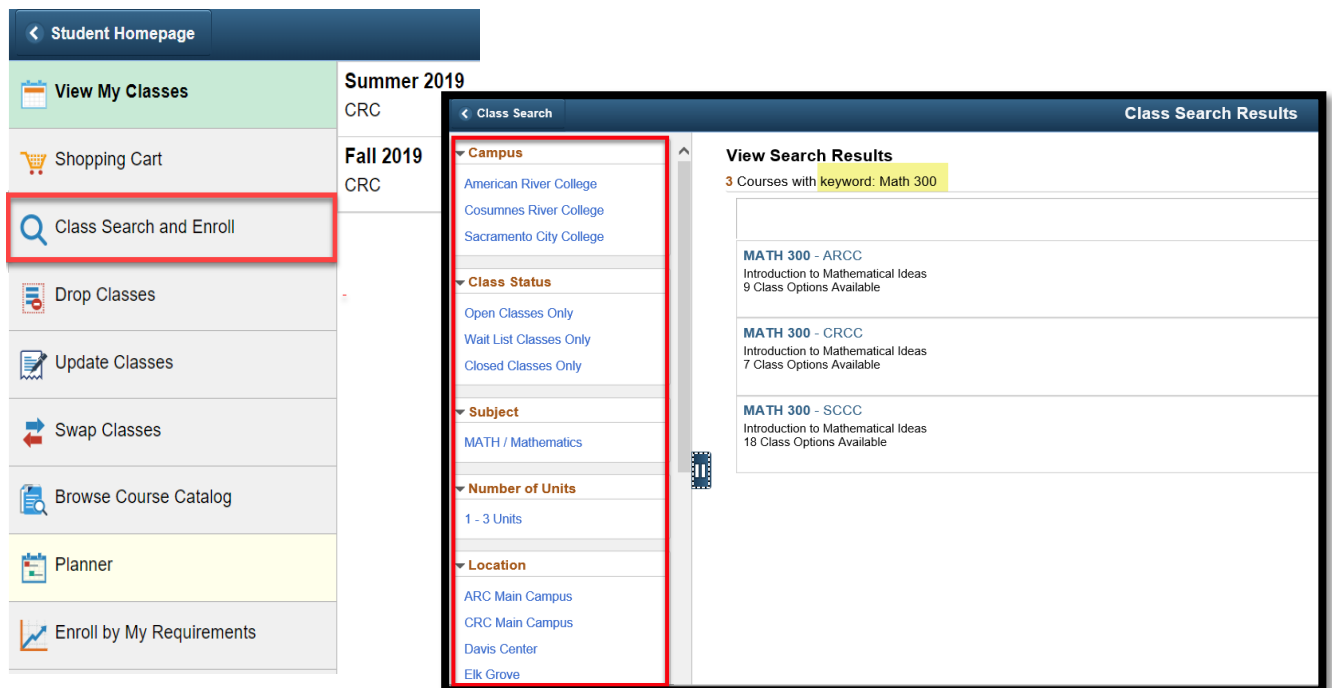

Enrollment Announcements Tile – The new Enrollment Announcements tile will alert you to important information such as enrollment appointments, term start dates, deadlines and other or other important reminders.

Manage Classes Tile – The new Manage Classes tile replaces the enrollment functions previously found under the Student Center tile. Go here to search for classes, enroll, drop and view your schedule. The new Manage Classes tile also provides the ability to swap classes and enroll by your program requirements.

Class Search and Enroll – Allows you to search for classes, select a class and enroll. To narrow results search for the class subject and class number (i.e. Math 300) and utilize the filters on the left hand side of the screen.
